## PROJECTS

### RUBBISH DUMP RELOCATION

- 1 The Cambodian Government is building a brand new rubbish processing plant in Phnom Penh and shutting down the existing dump. Thousands of Cambodians live and rely on this dump for a meager income sifting through waste for items to sell. Our team will provide micro-finance and assist families to relocate and construct their own home.

### REFUGEE MEDICAL CLINIC

- 2 For generations the Karen people have been refugees on the Thai/ Myanmar border. Our team of medical staff will operate a mobile medical centre in a refugee camp south of Chaing-Mai. It will provide an opportunity for refugees to access basic first aid and much needed medical attention, plus provide on-going finance to guarantee its future existence.

### ICC CHILDREN'S VILLAGE

- 3 North east of Phnom Penh lies the ICC Children's Village. Situated on 25 hectares the orphanage currently has over 90 children in its care. Not only caring for orphans, its extended education programmes means it is changing the lives of entire families in extreme poverty. Our team will teach in the orphanage, surrounding community and renovate existing buildings at the site.

### PHAO HOUSE OF DREAMS

- 4 Phao House of Dreams is situated in Chaing-Mai. The centre is a safe house for young girls at risk of being swallowed up in the sex slave industry and currently has over 100 girls in its care. Our team will teach at this site, and also contribute micro-finance and help to construct homes for destitute families in the area.

## WHO WE ARE

PROJECT 318 was established in 2008 by a team of young people. Travellers at heart, these people saw first hand the impact of poverty in third world countries and became determined to do something to help break the poverty cycle.

The vision for PROJECT 318 is simple. We partner with charities that are improving the well-being of a third world or under-privileged society and it's people.

We finance specific projects and then provide opportunities for a team to visit and be part of the development of the project.

## WHAT WE ARE DOING

In January 2010, PROJECT 318 is sending 60 people to Thailand and Cambodia to 4 separate project sites. These projects are reliant on funding supplied by our charity partner, ICC Australia.

At each site, our team will share, work and interact, transferring valuable skill sets to the local people.

## YOUR PART IN THE PLAN

If you are able to support PROJECT 318 financially, and believe in people doing something for someone else, then we'd greatly appreciate your tax-deductible\* contribution via our charity partner ICC Australia. Each team member will bear their own travel costs so you can be assured your donation will go directly to breaking the poverty cycle of destitute Thai & Cambodian families.
